7 -----  
8  
9 Student lockers are provided by the school for the convenience of the student and are to be used  
10 solely and exclusively for school-related materials. Students will be assigned lockers each year  
11 by the building administration, and students are expected to use the locker assigned to them.  
12 The School District retains ownership and possessor control of lockers, and they may be opened  
13 and inspected by school authorities at any time. Any unauthorized item found in a locker may be  
14 removed.

15  
16 It is strongly recommended that students place a lock on their locker. Only combination padlocks  
17 may be used. If a lock is used, a copy of the combination must be made available to the office.
